MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

SUBJ: CONTRACT AWARDED FOR THE PROCUREMENT OF SIX LOW RATE INITIAL PRODUCTION INFRARED SEARCH AND TRACK SYSTEMS FOR THE F/A-18E/F SUPER HORNET

1. The Boeing Co., St. Louis, Missouri, is awarded a \$60,377,364 cost-plus-incentive-fee contract for the procurement of six low rate initial production Infrared Search and Track (IRST) systems for the F/A-18E/F Super Hornet. The IRST system is a long wave infrared detection system that targets airborne vehicles in a radar-denied environment. Work will be performed in Orlando, Florida; St. Louis, Missouri; Santa Ana, California; and Irvine, California, and is expected to be completed by August 2017. This contract was not competitively procured pursuant to FAR.6.302-1. Fiscal year 2015 aircraft procurement, Navy funds in the amount of \$60,377,364 are obligated at the time of award, none of which will expire at the end of the current fiscal year.

2. Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity (N00019-15-C-0036). Navy point of contact is (b) (6) Industry point of contact is (b) (6)

Sincerely,

P. F. GRONEMEYER  
Captain, U.S. Navy

MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

SUBJ: CONTRACT AWARDED FOR THE PROCUREMENT OF 21 LOT 38 FULL RATE PRODUCTION EA-18G AIRBORNE ELECTRONIC ATTACK KITS

1. The Boeing Company, St. Louis, Missouri is being awarded a \$194,775,798 modification to a previously awarded fixed-price-incentive contract (N00019-14-C-0032) for the procurement of 21 lot 38 full rate production EA-18G Airborne Electronic Attack kits. Work will be performed in Baltimore, Maryland; Bethpage, New York; St. Louis, Missouri; and Fort Wayne, Indiana, and is expected to be completed by December 2016. Fiscal year 2014 aircraft procurement, Navy funds in the amount of \$194,775,798 are obligated at the time of award, none of which will expire at the end of the current fiscal year.

2. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is (b) (6) (b) (6) Industry point of contact is Rob Siegel at (314) 545-9640.

MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

SUBJ: CONTRACT AWARDED FOR SYSTEM UPGRADES FOR F/A-18 A/B, C/D, E/F,  
AND EA-18G AIRCRAFT

1. The Boeing Co., St. Louis, Missouri is being awarded an indefinite-delivery/indefinite-quantity contract with an estimated ceiling-price of \$872,766,714 for system upgrades for F/A-18 A/B, C/D, E/F, and EA-18G aircraft for the U.S. Navy and the governments of Australia, Finland, Switzerland, Kuwait, Malaysia, and Canada. This contract provides for deliverables and services based on system configuration set life cycle phases for the aircraft. Work will be performed in St. Louis, Missouri and China Lake, California, and is expected to be complete by December 2018. Contract funds in the amount of \$100,000 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. This contract was not competitively procured pursuant to the Federal Acquisition Regulation 6.302-1. This contract combines purchases for the U.S. Navy (\$802,945,377), and the governments of Australia (\$29,674,068); Finland (\$21,819,168); Switzerland (\$6,982,134); Kuwait (\$4,363,834); Malaysia (\$4,363,833) and Canada (\$2,618,300).

2. Naval Air Warfare Center Weapons Division, China Lake, California is the contracting activity (N68936-14-D-0008). Navy point of contact is (b) (6) Industry point of contact is Shannon Killeen at (314) 777-9379.

## **CONTRACT AWARDS FOR: December 30, 2014**

General Electric, Lynn, Massachusetts, is awarded a \$459,572,000 three-year performance based logistics requirements contract for the repair, replacement, consumables support, and program support for 757 F414 engine components for F/A-18 E and F and EA-18G aircraft. Work will be performed at Lynn, Massachusetts and Jacksonville, Florida, and is expected to be completed by December 2017. No funds are obligated at the time of award but as individual delivery orders are issued. This was a sole-source requirement in accordance with Federal Acquisition Regulation (FAR) 15.002(a) with one offer received in response to the solicitation. NAVSUP Weapon Systems Support, Philadelphia, Pennsylvania, is the contracting activity (N00383-15-D-001M). Navy point of contact is David Russial at (215) 697-2557. Industry point of contact is Brandie Mailman at (781) 594-0254.

Raytheon Co., McKinney, Texas, is awarded \$27,594,138 for firm-fixed-price job order 0057 under a previously awarded contract (N00164-12-G-JQ66) for procurement of multi-spectral targeting systems and data for the MH-60 program for the U.S. Navy. The system is an airborne, electro-optic, forward-looking infra-red, turreted sensor package that provides long-range surveillance, high altitude target acquisition, tracking, range-finding, and laser designation for all tri-service and NATO laser guided munitions. Work will be performed in McKinney, Texas and is expected to be completed by December 2016. Fiscal year 2015 aircraft procurement, Navy contract funds in the amount of \$27,594,138 are obligated at the time of award and will not expire at the end of the current fiscal year. Naval Surface Warfare Center, Crane, Indiana, is the contracting activity. Navy point of contact is Colleen O'Rourke at (202) 781-4123. Industry point of contact is Stefanie DuBosq at (407) 356-6898.

The Boeing Co., St. Louis, Missouri, is awarded a \$27,497,699 modification to a firm-fixed-price delivery order 0140 against a previously issued basic ordering agreement (N00019-11-G-0001) for an F/A-18 E/F and EA-18G Automated Maintenance Environment (AME). AME is a suite of integrated software applications designed to support the "O" Level maintenance activity by providing enhanced procedural and technical support and data collection for performance analysis and trending. Work will be performed in St. Louis, Missouri, and is expected to be completed by December 2015. Fiscal years 2014 and 2015 aircraft procurement, Navy and foreign military sales contract funds in the amount of \$27,497,699 are obligated on this award, none of which will expire at the end of the current fiscal year. Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity. Navy point of contact is Jamie Jenkins at (301) 757-7714. Industry point of contact is Dave Schmallbeck at (314) 234-3773.

The Haskell Co., Jacksonville, Florida, is awarded \$21,754,670 for firm-fixed-price task order 0002 under a previously awarded indefinite-delivery/indefinite-quantity multiple award construction contract (N40080-10-D-0491) for the design and construction of a helicopter operations facility at Joint Base Andrews Naval Air Facility Washington. The work provides for a new two-story facility to accommodate consolidation of two squadrons into one facility. The facility will provide administrative offices for both organizations, an auditorium, multiple briefing/debriefing rooms, a mission control area,

classified material storage, general storage space, maintenance storage, ready area, a library, mission planning support room, a flight simulator large enough to contain a UH-1N helicopter, a database generation room, private office, workstations, a rapid deployment stair, and a fitness center with separate men and women locker rooms. Site improvements consist of demolition of existing utilities and outdoor pavilion, site preparation, utility relocation, pathfinder fence relocation, storm water management, utilities connections, a parking lot, 18-wheel flatbed truck staging area and supporting facilities. Work will be performed in Camp Springs, Maryland, and is expected to be completed by March 2017. Fiscal year 2014 military construction, Air Force contract funds in the amount of \$21,754,670 are obligated on this award and will not expire at the end of the current fiscal year. Four proposals were received for this task order. Naval Facilities Engineering Command Washington, District of Columbia, is the contracting activity. Navy point of contact is Alyson Harbage at (202) 685-3222. Industry point of contact is Larry Willis at (904) 357-4259.

Bell-Boeing Joint Project Office, Amarillo, Texas, is awarded \$21,326,083 for cost-plus- fixed-fee order 0090 against a previously issued basic ordering agreement (N00019-12-G-0006) in support of V-22 aircraft. This order provides for fleet software sustainment that includes engineering and technical support for the V-22 flight control system and on-aircraft avionics software, flight test planning and coordination of changed avionics and flight control configuration, and upgrade planning of avionics and flight controls, including performance of qualification testing and integration testing on software products. Work will be performed in Ridley Park, Pennsylvania (90 percent) and Fort Worth, Texas (10 percent), and is expected to be completed by December 2015. Fiscal years 2014 and 2015 aircraft procurement, Navy and Air Force and fiscal year 2015 operation and maintenance, Navy and Air Force contract funds in the amount of \$21,326,083 are obligated at time of award, \$5,260,383 of which will expire at the end of the current fiscal year. Naval Air Systems Command Patuxent River, Maryland, is the contracting activity. Navy point of contact is Karen Richardson at (301) 757-7766. Industry point of contact is Sandy Black at (301) 866-6838.

Lockheed Martin Corp., Manassas, Virginia, is awarded a \$19,710,309 cost-plus-incentive-fee contract to design, develop, demonstrate, document and deliver a P-8A application based architecture system. Work will be performed in Manassas, Virginia (45 percent); San Diego, California (16 percent); Hollywood, Maryland (15 percent); Beavercreek, Ohio (10 percent); Valley Forge, Pennsylvania (8 percent); and Austin, Texas (6 percent), and is expected to be completed by March 2017. Fiscal year 2014 research, development, test and evaluation, Navy contract funds in the amount of \$1,411,982 are obligated at the time of award, all of which will expire at the end of the current fiscal year. This contract was competitively procured via an electronic request for proposals and five offers were received. Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity (N00019-15-C-0021). Navy point of contact is Teresa Klauda-Spalding at (301) 757-7703. Industry point of contact is Connie Moore at (703) 367-6386.

Northrop Grumman Systems Corp., Bethpage, New York, is awarded a \$19,082,605 modification under a previously awarded contract (N00024-06-C-6311) to provide integration services for mission packages that will deploy from and integrate with the Littoral Combat Ship (LCS). The Navy plans to use continuous evaluation of system maturity through a disciplined system engineering framework to improve mission capability in identified mission areas, emphasizing mine countermeasures, littoral anti-submarine warfare, and littoral surface warfare operations, including prosecution of small boats. Work will be performed in Bethpage, New York (47 percent); Washington, District of Columbia (13 percent); Oxnard, California (12 percent); Dahlgren, Virginia (9 percent); Panama City, Florida (8 percent); San Diego, California (7 percent); Middletown, Rhode Island (2 percent); Hollywood, Maryland (1 percent); and Andover, Massachusetts (1 percent), and is expected to be completed by June 2015. Fiscal years 2014 and 2015 research and development; fiscal year 2015 operation and maintenance, Navy; and fiscal years 2014 and 2015 other procurement, Navy contract funds in the amount of \$2,400,000 are obligated at the time of award, \$7,119,720 of which will expire at the end of the current fiscal year. Naval Sea Systems

Command Washington, District of Columbia, is the contracting activity. Navy point of contact is Matt Leonard at (202) 781-4123. Industry point of contact is Jeannie Pracher at (516) 346-7408.

Raytheon Co., McKinney, Texas is awarded \$17,800,000 for firm-fixed-price job order 0056 under a previously awarded contract (N00164-12-G-JQ66) for procurement of multi-spectral targeting systems and data for the C-130 program for the U.S. Air Force. The system is an airborne, electro-optic, forward-looking infra-red, turreted sensor package that provides long-range surveillance, high altitude target acquisition, tracking, range-finding and laser designation for all tri-service and NATO laser guided munitions. Work will be performed in McKinney, Texas, and is expected to be completed by December 2016. Fiscal year 2015 aircraft procurement, Navy funding in the amount of \$17,800,000 will be obligated at the time of award and will not expire at the end of the current fiscal year. Naval Surface Warfare Center Crane, Indiana, is the contracting activity. Navy point of contact is Colleen O'Rourke at (202) 781-4123. Industry point of contact is Stefanie DuBosq at (407) 356-6898.

Raytheon Company, Dallas, Texas, is awarded a \$15,494,873 cost-plus-incentive-fee contract to design, develop, demonstrate, document and deliver a P-8A application based architecture system. Work will be performed in Dallas, Texas (40.8 percent); Garland, Texas (24.5 percent); Middletown, Rhode Island (7.8 percent); Rockwall, Texas (7.8 percent); Aurora, Colorado (5.8 percent); Bloomington, Minnesota (4.3 percent); El Segundo, California (3 percent); Fort Wayne, Indiana (2 percent); Herndon, Virginia (2 percent); and San Diego, California (2 percent), and is expected to be completed by March 2017. Fiscal year 2014 research, development, test and evaluation, Navy contract funds in the amount of \$1,411,982 are obligated at the time of award, all of which will expire at the end of the current fiscal year. This contract was competitively procured via an electronic request for proposals, and five offers were received. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity (N00019-15-C-0020). Navy point of contact is Teresa Klauda-Spalding at (301) 757-7703. Industry point of contact is Matthew Whieldon at (972) 344-3428.

Orbital Sciences Corp., Chandler, Arizona, is awarded a \$12,454,893 indefinite-delivery/indefinite-quantity contract for six trajectory developments and build-ups, and test and launch of 40 GQM-163A aerial target systems for the U.S. Navy (32) and Government of Japan (eight). Work will be performed in Point Mugu, California (70 percent); White Sands Missile Range, New Mexico (20 percent); and Pacific Missile Range Facility, Kauai, Hawaii (10 percent), and is expected to be completed by June 2018. This contract was not competitively procured pursuant to FAR.6.302-1. Fiscal year 2015 research, development, test and evaluation, Navy contract funds in the amount of \$426,602 are obligated at the time of award, none of which will expire at the end of the current fiscal year. This contract combines purchases for the U.S. Navy (\$10,954,893; 88 percent) and Government of Japan (\$1,500,000; 12 percent) under the Foreign Military Sales Program. Naval Air Warfare Center Weapons Division, China Lake, California, is the contracting activity (N68936-15-D-0005). Navy point of contact is Teresa Klauda-Spalding at (301) 757-7703. Industry point of contact is Susan Chappelle at (480) 814-6590.

On December 29, 2014, SAP National Security Services, Rockville, Maryland, was awarded a \$10,989,757 firm-fixed-price contract for maintenance of Military Sealift Command's current Sybase software license portfolio as well as an unlimited right to copy existing and new software licenses, and maintenance for these licenses, for the next five years. This contract includes a base period of one year and four one-year option periods, which, if exercised, would increase the cumulative contract value of the contract to \$21,237,480. Work will be performed Rockville, Maryland, and is expected to be completed by December 2015; if all options are exercised, work would continue through December 2019. Fiscal year 2015 Navy working capital funds in the amount of \$10,989,756 are obligated at the time of award and will expire at the end of the current fiscal year. This contract was competitively procured with proposals solicited via the GSA e-Buy website with one offer received. Military Sealift Command Washington, District of Columbia, is the contracting activity (DAAB15-99-A-1003 EL01). Navy point of

contact is C. Taylor Reeves at (202) 685-5926. Industry point of contact is Catherine Solibakke at (301) 896-1060.

Marine Hydraulics International, Inc., Norfolk, Virginia, is awarded a \$7,121,874 modification to a previously awarded contract (N00024-10-C-4405) for USS Truxtun (DDG-103) fiscal year 2015 selected restricted availability. The scheduled availability includes the planning and execution of maintenance, repairs and modifications that will update and improve the ship's military and technical capabilities. Work will be performed in Norfolk, Virginia, and is expected to be completed by June 2015. Fiscal year 2015 operation and maintenance, Navy contract funds in the amount of \$7,121,874 are obligated at the time of award and will expire at the end of the current fiscal year. Mid Atlantic Regional Maintenance Center Norfolk, Virginia, is the contracting activity. Navy point of contact is Matt Leonard at (202) 781-4123. Industry point of contact is Gary Albertson at (757) 545-6400, extension 287.

## **CONTRACT AWARDS FOR: December 22, 2014**

Raytheon Co., McKinney, Texas is awarded \$56,821,547 for firm-fixed-price delivery order 006 against a previously issued basic ordering agreement (N00019-10-G-0006) for the procurement of 15 Advanced Targeting Forward Looking Infrared systems for the Government of Australia and spare parts for the Government of Switzerland under the Foreign Military Sales (FMS) Program. Work will be performed in McKinney, Texas (86.9 percent); El Segundo, California (7.1 percent); Santa Barbara, California (2.4 percent); Dallas, Texas (2.1 percent); Richardson, Texas (0.8 percent); and Harlow, Essex, United Kingdom (0.7 percent), and is expected to be completed by February 2017. FMS funds in the amount of \$56,821,547 are obligated at the time of award, none of which will expire at the end of the current fiscal year. This contract combines purchases for the governments of Australia (\$54,837,199; 97 percent) and Switzerland (\$1,984,348; 3 percent). Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Teresa Klauda-Spalding at (301) 757-7703. Industry point of contact is Brad Wilkerson at (972) 344-4539.

The Boeing Co., Saint Louis, Missouri is awarded a \$46,127,744 modification to previously awarded firm-fixed-price, cost-plus-fixed-fee task order 0110, against a previously issued basic ordering agreement (N00019-11-G-0001) for integrated logistics support and sustaining engineering for F/A-18A-D, F/A-18E/F, and EA-18G aircraft for the U.S. Navy and the governments of Australia, Canada, Spain, Finland, Switzerland, Kuwait and Malaysia. The contract provides for logistics, engineering, provisioning, information systems, technical data updates, support equipment engineering, training and software integration. Work will be performed in Saint Louis, Missouri (70 percent); El Segundo, California (15 percent); Oklahoma City, Oklahoma (6 percent); Bethpage, New York (5 percent); and San Diego, California (4 percent), and is expected to be completed by December 2015. Fiscal years 2014 and 2015 aircraft procurement, Navy; fiscal year 2015 operation and maintenance, Navy; and Foreign Military Sales funds in the amount \$46,127,744 are obligated at the time of award, \$499,254 of which will expire at the end of the current fiscal year. This contract combines purchases for the U.S. Navy (\$38,268,396; 84 percent) and the governments of Australia (\$4,471,514; 10 percent); Canada (\$564,639; 1 percent); Spain (\$564,639; 1 percent); Finland (\$564,639; 1 percent); Switzerland (\$564,639; 1 percent); Kuwait (\$564,639; 1 percent); and Malaysia (\$564,639; 1 percent) under the Foreign Military Sales Program. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Karen Richardson at (301) 757-7766. Industry point of contact is David Schmalbeck at (314) 234-3773.

Marine Tec, Norfolk, Virginia is awarded a \$39,827,597 undefinitized contract action as a modification to a previously awarded cost plus incentive fee contract (N50054-14-C-1403) for USS Mesa Verde (LPD-19) fiscal year 2015 phased maintenance availability. A phased maintenance availability includes the planning and execution of depot-level maintenance, alterations and modifications that will update and improve the ship's military and technical capabilities. Work will be performed in Norfolk, Virginia, and is expected to be completed by December 2015. Fiscal year 2015 operation and maintenance, Navy and fiscal year 2015 other procurement, Navy contract funds in the amount of \$17,000,000 are obligated at the time of award, \$15,825,300 of which will expire at the end of the current

fiscal year. Mid-Atlantic Regional Maintenance Center, Norfolk, Virginia is the contracting activity. Navy point of contact is Alan Baribeau at (202) 781-4123. Industry point of contact is Gary Albertson at (757) 545-6400.

Orbital Sciences Corp., Chandler, Arizona is awarded a \$24,500,397 modification to a previously awarded firm fixed price contract (N00019-15-C-0009) to exercise an option for the procurement of seven Full Rate Production Lot 9 GQM-163A Coyote Supersonic Sea Skimming Target base vehicles, including the associated hardware kits and production support for the U.S. Navy (six) and the Government of Japan (one). This contract combines purchases for the U.S. Navy (\$21,058,260; 86 percent) and the Government of Japan (\$3,442,137; 14 percent) under the Foreign Military Sales Program. Work will be performed in Chandler, Arizona (71 percent); Camden, Arkansas (24 percent); Vergennes, Vermont (3 percent); and Hollister, California (2 percent), and is expected to be completed by July 2018. Fiscal years 2013 and 2015 weapons procurement, Navy and Foreign Military Sales funds in the amount of \$24,500,397 are obligated on this award, \$3,509,710 of which will expire at the end of the current fiscal year. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Karen Richardson at (301) 757-7766. Industry point of contact is Susan Chappelle at (480) 814-6590.

General Dynamics, NASSCO Norfolk, Virginia (formerly Metro Machine Corp.) is awarded a \$16,916,431 undefinitized contract action as a modification to a previously awarded contract (N00024-10-C-4401) to exercise an option for repairs and alterations for USS Whidbey Island (LSD-41) 5A2 continuous maintenance availability. This continuous maintenance availability will consist of various repairs and alterations such as main propulsion diesel engine overhaul, and repairs to deck plating, stern gate, 60-ton crane, well deck ventilation and non-skid. Work will be performed in Norfolk, Virginia, and is expected to be completed by April 2015. Fiscal year 2015 operation and maintenance, Navy contract funds in the amount of \$8,458,215 are obligated at the time of award and will expire at the end of the current fiscal year. Mid Atlantic Regional Maintenance Center, Norfolk, Virginia is the contracting activity. Navy point of contact is Alan Baribeau at (202) 781-4123. Industry point of contact is Dave Baker at (757) 543-6801.

Bell Helicopter Textron, Inc., Fort Worth, Texas is awarded an \$11,601,939 modification to a previously awarded fixed-price-incentive contract (N00019-13-C-0023) for the procurement of additional logistics products and services for the H-1 Upgrade. Work will be performed in Fort Worth, Texas, and is expected to be completed by March 2016. Fiscal year 2015 aircraft procurement, Navy funds in the amount of \$11,601,939 are obligated at the time of award, none of which will expire at the end of the current fiscal year. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Teresa Klauda-Spalding at (301) 757-7703. Industry point of contact is Andy Woodward at (817) 280-1297.

Tyonek Services Corp.,\* Anchorage, Alaska is awarded a \$10,924,414 modification to a previously awarded, cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract (N61340-13-D-0005) for depot level maintenance support services for the Fleet Readiness Center South East. Work will be performed at Naval Air Station Jacksonville, Florida (81 percent); Marine Corps Air Station Beaufort, South Carolina (14 percent); and Naval Air Station Oceana, Virginia (5 percent), and is expected to be completed by April 2014. No funds are obligated at the time of award but as individual delivery orders are issued. Naval Air Warfare Center Training Systems Division, Orlando, Florida is the contracting activity. Navy point of contact is Judith Gwynn at (301) 757-7702. Industry point of contact is Erich Erker at (256) 258-0091.

Lockheed Martin Corp., Riviera Beach, Florida is awarded \$8,744,781 for a cost-plus-fixed-fee delivery order under a previously issued basic ordering agreement (N00024-15-G-6315) to support technical evaluation, and initial operational and evaluation of the remote minehunting system with the

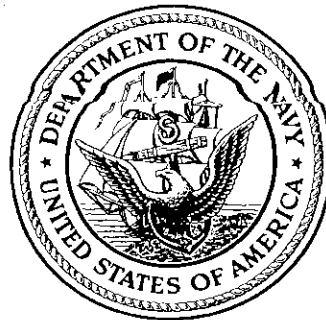

Littoral Combat Ship. Work will be performed in Palm Beach, Florida (87 percent) and Syracuse, New York (13 percent), and is expected to be completed by November 2015. Fiscal year 2015 research and development funding in the amount of \$1,263,722 are obligated at the time of award and will not expire at the end of the current fiscal year. Naval Sea Systems Command, Washington, D.C. is the contracting activity. Navy point of contact is Matt Leonard at (202) 781-2089. Industry point of contact is Geralynn Titsch at (561) 471-4360.

## CONTRACT AWARDS FOR: July 11, 2014

Pacific Energy Solutions LLC\*, Boca Raton, Florida is being awarded a \$334,135,534 firm-fixed-price task order (0002) under a solar power generation multiple award contract for the procurement of electricity produced from renewable energy generation systems. The work to be performed provides for purchase of reliable locally generated, alternating current, power from solar power generation systems that are designed, constructed, owned, operated, and maintained by the contractor on government property. The government will procure the power using the 10 USC §2922(a) authority. The sites under this task order include three roof tops and one ground mount location, Waipio Peninsula, at Joint Base Pearl Harbor Hickam; six roof tops and two elevated photovoltaic (PV) structures at Marine Corps Base Hawaii, Kaneohe, Hawaii; and one roof top and one elevated PV structure at Camp Smith, Aiea, Hawaii. Work will be performed in Oahu, Hawaii, and has option periods until July 2040. No funds will be obligated with this award. Three proposals were received for this task order. Contract funds are fiscal year 2015 operation and maintenance, Marine Corps and fiscal year 2015 Navy Working Capital Funds. The funds will be used to pay for power delivered to the base electrical grids. No government funds will be used for this project; the contractor will be required to finance construction operations. Naval Facilities Engineering Command, Pacific, Joint Base Pearl Harbor Hickam, Hawaii is the contracting activity (N62742-11-D-1192). Navy point of contact is Annette Chun at (808) 471-4178. Industry point of contact is Don O'Shei at (415) 572-3699.

Northrop Grumman Aerospace Systems, Bethpage, New York is being awarded a \$198,901,412 indefinite-delivery/indefinite-quantity, cost-plus-fixed-fee contract for the design, development, and implementation of the Airborne Electronic Attack requirements for software configuration set upgrades to software and ancillary hardware in support of the EA-6B and EA-18G aircraft for the United States and the government of Australia. Work will be performed in Point Mugu, California, and is expected to be completed by July 2019. Fiscal year 2014 operation and maintenance, Navy funds in the amount of \$675,697 are obligated at the time of award, all of which will expire at the end of the current fiscal year. This contract combines purchases for the United States (\$179,011,271; 90 percent) and the Government of Australia (\$19,890,141; 10 percent) under the Foreign Military Sales Program. This contract was not competitively procured pursuant to the Federal Acquisition Regulation 6.302-1. Naval Air Warfare Center Weapons Division, China Lake, California is the contracting activity (N68936-14-D-0018). Navy point of contact is Karen Richardson at (301) 757-7766. Industry point of contact is Susan Parris at (805) 987-9739.

The Boeing Co., Seattle, Washington is being awarded a \$44,983,385 cost-plus-fixed-fee contract for the repairs of 214 various mission system components on the P-8A aircraft. Work will be performed in Seattle, Washington, and is expected to be completed by 31 March 2016. No funds will be obligated at the time of award. Fiscal year 2014 aircraft procurement, Navy funds will be obligated as delivery orders are issued. No contract funds will expire before the end of the current fiscal year. This

contract was a sole source requirement in accordance with 10 U.S.C. 2304(c)(1). The NAVSUP Weapon System Support, Philadelphia, Pennsylvania is the contracting activity (N00383-14-D-007F). Navy point of contact is Tara Walsh at (215) 697-4295. Industry point of contact is Jerry Montiel at (253) 657-7689.

## **CONTRACT AWARDS FOR: November 3, 2014**

Catalyst Professional Services, Inc.,\* Colorado Springs, Colorado (N62645-15-D-5014); Donald L. Mooney Enterprises, LLC doing business as Nurses Etc. Staffing,\* San Antonio, Texas (N62645-15-D-5017); Loyal Source Government Services, LLC,\* Orlando, Florida (N62645-15-D-5015); Magnum Opus Technologies, Inc.,\* San Antonio, Texas (N62645-15-D-5016); and Potomac Healthcare Solutions, LLC,\* Woodbridge, Virginia (N62645-15-D-5018) are each being awarded a 42 month, firm-fixed-priced, indefinite-delivery/indefinite-quantity, multiple award task order contract for various medical services that include the labor categories of Allied Health, Technologist, Technician and Assistant services at Military Treatment Facilities in the Southeastern Region of the United States. The aggregate not-to-exceed amount for these multiple award contracts combined is \$99,773,371. These five companies will have the opportunity to bid on each individual task order. Work will be performed at Naval Hospital Jacksonville, Florida (25percent); Naval Health Clinic Corpus Christi, Texas (25 percent); Naval Hospital Pensacola, Florida (25 percent); Naval Hospital Camp Lejeune, North Carolina(10 percent); Naval Hospital Beaufort, South Carolina (3 percent); Naval Hospital Cherry Point, North Carolina (3 percent); Naval Health Clinic Charleston, South Carolina (3 percent); Navy Medicine Operational Training Center Pensacola, Florida (3 percent); and any associated branch clinics (3 percent). Work is expected to be completed by July 2018. Fiscal year 2015 Defense Health Program funds in the amount of \$12,371,025 will be obligated at the time of award under initial task orders, and the funds will expire at the end of the current fiscal year. Funding is predominantly from the Defense Health Program; however, other funding initiatives such as Psychological Health/Traumatic Brain Injury, Overseas Contingency Operations and Wounded, Ill, and Injured may be used. These are all one-year funding types. These contracts were solicited via the agency's website and the Federal Business Opportunities website for proposals as a 100 percent small business set-aside with 32 offers received. Naval Medical Logistics Command, Fort Detrick, Maryland is the contracting activity. Navy point of contact is Heather Skimson at (301) 619-7005. Respective industry points of contact are Dave Tadder at (719) 599-1303; Brian Moore at (407) 306-8441, ext. 101; Kevin Kline at (210) 566-9995; Robert Manigault at (210) 841-5602; and Thomas Burden at (703) 436-9143.

General Dynamics Bath Iron Works, Bath, Maine is being awarded a \$78,663,955 modification to a previously awarded contract (N00024-12-C-4311) to exercise option year three for DDG 51 and FFG 7 class integrated planning yard services. The contractor will provide design, planning, and material support services for maintenance and modernization. Work will be performed in Bath, Maine, and is expected to be completed by December 2016. Fiscal year 2015 operation and maintenance, Navy contract funds in the amount of \$945 will be obligated at the time of contract award and will expire at the end of the current fiscal year. Naval Sea Systems Command, Washington, D.C. is the contracting activity. Navy point of contact is Chris Johnson at (202) 781-4123. Industry point of contact is Laurie Murphy at (508) 289-2366.

Lockheed Martin Corp., Lockheed Martin Aeronautics Co., Fort Worth, Texas is being awarded a \$49,999,799 modification to a previously awarded cost-plus-incentive-fee contract (N00019-02-C-3002) for operational and engineering support required to integrate the F-35 Joint Strike Fighter operations with the Queen Elizabeth class carrier for the Government of the United Kingdom. Work will be performed in

Samlesbury, United Kingdom (64 percent); Fort Worth, Texas (26 percent); and Orlando, Florida (10 percent), and is expected to be completed by December 2017. International Partner funds in the amount of \$10,832,900 are obligated on this award, none of which will expire at the end of the current fiscal year. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Karen Richardson at (301) 757-7766. Industry point of contact is Ruby Rivera at (817) 777-7253.

ACS Habitat Management,\* Oceanside, California (N62473-15-D-0801); Gulf South Research Corp.,\* Baton Rouge, Louisiana (N62473-15-D-0802); and Natures Image,\* Lake Forest, California (N62473-15-D-0803) are each being awarded a firm-fixed-price, indefinite-delivery/indefinite-quantity multiple award service contract for natural resources, exotic pest plant species abatement services at various locations in California, Nevada, and Arizona. The maximum dollar value including the base period and four option years for all three contracts combined is \$20,000,000. No task orders are being issued at this time. Work will be performed at various locations in California (90 percent), Nevada (5 percent), and Arizona (5 percent). The term of the contract is not to exceed 60 months, with an expected completion date of November 2019. Fiscal year 2015 operation and maintenance, Navy contract funds in the amount of \$15,000 are obligated on this award and will expire at the end of the current fiscal year. This contract was competitively procured via the Federal Business Opportunities website with seven proposals received. These three contractors may compete for task orders under the terms and conditions of the awarded contract. Naval Facilities Engineering Command, Southwest, San Diego, California is the contracting activity. Navy point of contact is Dale English at (619) 532-4150. Respective industry points of contact are Greg Omori at (760) 757-1840, Suna Adam Knaus at (225) 757-8088, and Michelle Caruana at (949) 680-4400, ext. 112.

DRS Power & Control Technologies, Milwaukee, Wisconsin is being awarded a \$17,924,189 modification to a previously awarded indefinite-delivery/indefinite-quantity contract (N4523A-15-D-0001) for the accomplishment of the redesign of the advanced secondary propulsion unit motor controllers for USS Jimmy Carter (SSN 23). Work will be performed in Milwaukee, Wisconsin, and is expected to be completed by November 2015. Fiscal year 2014 research, development, test and evaluation funding in the amount of \$5,031,005 will be obligated at the time of award and will expire at the end of the current fiscal year. This contract was competitively procured via the Federal Business Opportunities website with two offers received. Puget Sound Naval Shipyard and Intermediate Maintenance Facility, Bremerton, Washington is the contracting activity. Navy point of contact is Chris Johnson at (202) 781-4123. Industry point of contact is Donald Klick at (414) 875-4814.

Gulf Building & Hernandez Consultants, Joint Venture,\* Fort Lauderdale, Florida is being awarded \$13,528,900 for firm-fixed-price task order 0002 under a previously awarded multiple award construction contract (N69450-14-D-1274) for design and construction of the weapons storage and inspection facility at Marine Corps Logistics Base, Albany. The contract provides for design and construction of a single story weapons storage and inspection facility. Construction will include a concrete or reinforced masonry building with brick veneer exterior on a reinforced concrete slab on grade. Work will be performed in Albany, Georgia, and is expected to be completed by March 2016. Fiscal year 2014 military construction, Navy contract funds in the amount of \$13,528,900 will be obligated on this award and will not expire at the end of the current fiscal year. Five proposals were received for this task order. Naval Facilities Engineering Command, Southeast, Jacksonville, Florida is the contracting activity. Navy point of contact is Nicole Wilhelm at (904) 542-6200. Industry point of contact is Alex Hernandez at (504) 305-8571.

The Boeing Co., St. Louis, Missouri is being awarded a \$7,335,238 modification to a previously awarded cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract (N00019-14-D-0012) to exercise an option for post-production program management, logistics, and engineering services for the governments of Switzerland, Finland, Malaysia, Kuwait, Australia, Canada, and Spain in support of F/A-18 A-F aircraft, including incidental materials and technical data. Work will be performed in St. Louis, Missouri, and is expected to be completed by December 2015. Foreign Military Sales funds in the amount

of \$7,335,238 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. This contract combines purchases for governments of Switzerland (\$2,319,290; 31.6 percent); Finland (\$1,678,570; 22.9 percent); Malaysia (\$1,168,453; 15.8 percent); Kuwait (\$1,003,647; 13.7 percent); Australia (\$510,103; 7 percent); Canada (\$356,677; 4.9 percent); and Spain (\$298,498; 4.1 percent) under the Foreign Military Sales program. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Jamie Jenkins at (301) 757-7714. Industry point of contact is John Dames at (314) 234-2494.

Correction: The contract awarded on 10 September 2014, to BlueForge, LLC,\* Saint Petersburg, Florida (N69450-14-D-1271); C&C Contractors, LLC,\* Notasulga, Alabama (N69450-14-D-1272); Colossal Construction Co., LLC,\* Atlanta, Georgia (N69450-14-D-1273); Gulf Building Corp. and Hernandez Consultants, Joint Venture,\* Fort Lauderdale, Florida (N69450-14-D-1274); HICAPS, Inc.,\* Greensboro, North Carolina (N69450-14-D-1275); KMK-DJI, Joint Venture,\* Eliot, Maine (N69450-14-D-1276); and Leebeor Services, LLC,\* Williamsburg, Virginia (N69450-14-D-1277) is revised to show Gulf Building Corp. and Hernandez Consultants, Joint Venture, being awarded task order 0001 at \$13,528,900 for the design and construction of a new Weapons Storage and Inspection Facility at Marine Corp Logistics Base Albany, Georgia.

## **CONTRACT AWARDS FOR: September 18, 2014**

Lockheed Martin Mission Systems and Training, Manassas, Virginia is being awarded a \$117,767,647 cost-plus-incentive-fee and cost reimbursement modification to a previously awarded contract (N00024-09-C-6247) to exercise an option for engineering services and support of the AN/BVY-1 Integrated Submarine Imaging System and on board repair part kits. Services will include design, development, testing, reverse engineering, technology insertion/refreshment, engineering services, field engineering services, and system support. The Integrated Submarine Imaging System provides mission critical, all-weather, visual, and electronic search, digital image management, indication, warning, and platform architecture interface capabilities. Work will be performed in Manassas, Virginia (74 percent); Virginia Beach, Virginia (9.2 percent); Northampton, Massachusetts (6.1 percent); Arlington, Virginia (4.6 percent); Fairfax, Virginia (4.6 percent); and Newport, Rhode Island (1.5 percent), and is expected to be completed by September 2015. Fiscal years 2013 and 2014 other procurement, Navy; fiscal years 2008, 2010, 2011, 2012 and 2014 shipbuilding and conversion, Navy; and fiscal year 2014 research, development, test and evaluation contract funds in the amount of \$8,731,096 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. Naval Sea Systems Command, Washington Navy Yard, District of Columbia is the contracting activity. Navy point of contact is Alan Baribeau at (202) 781-4123. Industry point of contact is Owen Waller at (315) 456-4333.

Phoenix International Holdings Inc., Largo, Maryland is being awarded a \$75,000,000 indefinite-delivery/indefinite-quantity, cost-plus-award fee contract for worldwide undersea deep ocean search and recovery operations and associated services to support the Director of Ocean Engineering, Supervisor of Salvage and Diving (SUPSALV). This contract allows the Navy to meet its responsibility for deep ocean search and recovery established under the Salvage Facilities Act. In addition to providing support for a wide variety of search, recovery, and rescue operations, the contract includes services to warehouse, maintain, deploy and operate a wide variety of Navy-owned equipment. The contract also provides a vehicle for SUPSALV to obtain commercial systems, as needed, to supplement the Navy's equipment capabilities. Work will be performed in Largo, Maryland, and is expected to be complete by August 2015. No funding will be obligated at the time of award. This contract was competitively procured via the Federal Business Opportunities website with one offer received. Naval Sea Systems Command, Washington, D.C. is the contracting activity (N00024-14-D-4102). Navy point of contact is Chris Johnson at (202) 781-4123. Industry point of contact is Michael Kutzleb at (301) 341-7800.

General Dynamics Land Systems, Sterling Heights, Michigan is being awarded a \$61,196,977 firm-fixed-price modification to a previously awarded contract (M67854-14-C-5501) for production of 1,067 Cougar egress upgrade kits in support of the Program Executive Officer Land Systems, Program Manager, Mine Resistant Ambush Protected (MRAP) Vehicle Program. The MRAP egress upgrade kit includes upgrades to four existing vehicle systems: 1) front doors; 2) rear doors; 3) rear steps; and 4) exhaust. The egress upgrades are needed to increase warfighter survivability in the event of an attack or accident. All work will be performed in Ladson, South Carolina, and is expected to be complete by April 2016. Fiscal year 2012 and 2013 procurement, Marine Corps; fiscal year 2013 other procurement, Navy and Air Force;

and fiscal year 2014 other procurement, Navy contract funds in the amount of \$61,196,977 will be obligated at the time of award. Fiscal year 2012 procurement, Marine Corps funds in the amount of \$30,598,489 will expire at the end of the current fiscal year. This contract modification is a sole source procurement in accordance with 10 U.S.C. 2304(c)(1) to the competitively awarded contract and was advertised via the Federal Business Opportunities website with one response received. Marine Corps Systems Command, Quantico, Virginia is the contracting activity. Marine Corps point of contact is Barbara Hamby at (703) 432-3253. Industry point of contact is Randy Noorman at (586) 825-7749.

The Boeing Co., St. Louis, Missouri is being awarded a \$14,764,403 modification to a previously awarded firm-fixed-price contract (N00019-14-C-0032) for aircraft armament equipment items in support of the F/A-18E/F and E/A-18G aircraft. The equipment being procured includes 342 station control units for the U.S Navy (245) and the Government of Australia (97); 6 Ariel Refueling System (ARS) air probes, 6 ARS fuel probes, 12 ARS suspension lugs, 11 advanced launch system (ALR)-67 mounting bases, and 11 ALR-67 retainers for the U.S Navy; and 39 centerline feed thru plates for the U.S. Navy (24) and the Government of Australia (15). Work will be performed in Clearwater, Florida (99 percent) and St. Louis, Missouri (1 percent), and is expected to be completed by October 2016. Fiscal years 2013 and 2014 aircraft procurement, Navy, and Foreign Military Sales funds in the amount of \$14,764,403 are obligated at the time of award, none of which will expire at the end of the current fiscal year. This contract combines purchases for the U.S. Navy (\$10,630,370; 72 percent) and the Government of Australia (\$4,134,033; 28 percent) under the Foreign Military Sales Program. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity. Navy point of contact is Karen Richardson at (301) 757-7766. Industry point of contact is Jackie Mahsman at (314) 777-7267.

L-3 Communications Vertex Aerospace LLC, Madison, Mississippi is being awarded an \$11,961,245 modification to a previously awarded indefinite-delivery requirements contract (N00019-12-D-0016) to exercise an option for maintenance, repair, and logistics support for the Chief of Naval Air Training Aircraft's intermediate maintenance departments located at Naval Air Station (NAS) Pensacola, Florida and NAS Corpus Christi, Texas. Support includes labor, equipment, tools, services and direct and indirect material. Work will be performed at NAS Pensacola, Florida (60 percent) and NAS Corpus Christi, Texas (40 percent), and is expected to be completed by September 2015. No funds are being obligated at time of award; funds will be obligated against individual task orders as they are issued. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity. Navy point of contact is Jamie Jenkins at (301) 757-7714. Industry point of contact is Marcus McPhail at (601) 607-6450.

AAI Textron Systems, Hunt Valley, Maryland is being awarded a \$9,931,778 modification to a previously awarded firm-fixed-price contract (N68936-13-C-0161) for the procurement of additional Radio Frequency Electronic Warfare Systems Integration Test Environment system (RF EW SITE) equipment including shipping and set-up in support of the Electronic Combat Systems Evaluation Laboratory/Weapons System Simulation Laboratory at the Naval Air Warfare Center Weapons Division, Point Mugu, California. The RF EW SITE equipment being procured includes 70 synthetic source instruments, 9 radio frequency switch matrices, and 3 stimulus cabinets. Work will be performed in Hunt Valley, Maryland, and is expected to be completed by March 2016. Fiscal year 2014 operation and maintenance, Navy and 2014 aircraft procurement, Navy funds in the amount of \$9,931,778 are obligated on this award, \$3,979,778 of which will expire at the end of the current fiscal year. The Naval Air Warfare Center Weapons Division, China Lake, California, is the contracting activity. Navy point of contact is Karen Richardson at (301) 757-7766. Industry point of contact is Stan Brady, Jr. at (410) 628-3128.

## CONTRACT AWARDS FOR: September 19, 2014

Lockheed Martin Space Systems Co., Sunnyvale, California is being awarded a \$146,313,578 fixed-price-incentive, cost-plus-incentive-fee, and cost-plus-fixed-fee modification (PZ0001) to a previously awarded un-priced letter contract (N00030-14-C-0100) for new procurement of Trident II (D5) missile production, D5 life extension development and production, and D5 deployed systems support. The maximum dollar value of the modification, including the base items and all option items, if exercised, is \$828,393,268. Work will be performed in Sunnyvale, California (35.12 percent); Magna, Utah (16.55 percent); Kings Bay, Georgia (8.26 percent); Cape Canaveral, Florida (7.57 percent); Culpeper, Virginia (4.51 percent); Silverdale, Washington (4.43 percent); Bloomington, Minnesota (4.32 percent); Kingsport, Tennessee (2.51 percent); El Segundo, California (1.59 percent); Lancaster, Pennsylvania (1.57 percent); Oakridge, Tennessee (1.44 percent); Inglewood, California (0.93 percent); Arlington, Washington (0.90 percent); Clearwater, Florida (0.88 percent); Costa Mesa, California (0.84 percent); Camarillo, California (0.81 percent); Palo Alto, California (0.55 percent); Orlando, Florida (0.50 percent); Elkton, Maryland (0.43 percent); Littleton, Colorado (0.32 percent); Joplin, Missouri (0.30 percent); Stamford, Connecticut (0.30 percent); St. Charles, Missouri (0.28 percent); Pawcatuck, Connecticut (0.27 percent); Campbell, California (0.27 percent); Miamisburg, Ohio (0.26 percent); Upper Marlboro, Maryland (0.26 percent); Redmond, Washington (0.23 percent); Wenatchee, Washington (0.21 percent); San Jose, California (0.17 percent); Wichita, Kansas (0.16 percent); Torrance, California (0.16 percent); Diamond Springs, California (0.16 percent); Rockford, Illinois (0.14 percent); Simi Valley, California (0.11 percent); Hayward, California (0.11 percent); Hollister, California (0.10 percent); Santa Clara, California (0.10 percent); and various other locations (less than 0.10 percent each, 2.38 percent total), and is expected to be complete by November 2019. Fiscal year 2014 weapons procurement, Navy funds in the amount of \$76,550,442; fiscal year 2014 other procurement, Navy funds in the amount of \$3,091,705; and United Kingdom funds in the amount of \$48,473,708 are being obligated on this award, none of which will expire at the end of the current fiscal year. Subject to the availability of funds, fiscal year 2015 operation and maintenance, Navy funds in the amount of \$18,197,723 will be used and will expire at the end of fiscal year 2015. Strategic Systems Programs, Washington, D.C. is the contracting activity. Navy point of contact is Kristin Simonsen at (202) 433-8430. Industry point of contact is Adam Schmitz at (202) 649-4223.

Lockheed Martin Space Systems Co., Sunnyvale, California is being awarded \$34,234,847 for cost-plus-incentive-fee, cost-plus-fixed-fee modification (P00012) to a previously awarded contract (N00030-13-C-0100) for the design, development and procurement of facilities, equipment, and processes required for successful activation and support of a trident II (D5) missile storage facility as well as the design and delivery of specialized support equipment for the movement and storage of D5 missiles at Camp Navajo, Arizona. Work will be performed in Cape Canaveral, Florida (38.29 percent); Oakridge, Tennessee (30.13 percent); Magna, Utah (10.48 percent); Sunnyvale, California (10.02 percent); Merritt Island, Florida (4.45 percent); Rensselaer, Indiana (1.85 percent); Arlington, Washington (1.26 percent); Bangor, Washington (1.01 percent); St. Mary's, Georgia (0.60 percent); Tullahoma, Tennessee (0.51 percent); St. Augustine, Florida (0.42 percent); Jacksonville, Florida (0.37 percent); Poway, California (0.31 percent); and various other locations of less than 0.10 percent each (0.30 percent total), and is

expected to be completed by September 2019. Fiscal year 2013 weapons procurement, Navy funds in the amount of \$34,234,847 are being obligated at the time of award and will not expire at the end of the current fiscal year. Strategic Systems Programs, Washington Navy Yard, Washington, D.C. is the contracting activity. Navy point of contact is Teri Pearson at (202) 433-8419. Industry point of contact is Adam Schmitz at (202) 649-4223.

AED, Inc.\*, Hyattsville, Maryland is being awarded a maximum amount \$27,000,000 indefinite-delivery/indefinite-quantity contract for contractor support services within the Naval Facilities Engineering Command (NAVFAC), Southeast Area of Responsibility (AOR). Task order (0001) is being awarded at \$75,405 for performance of a construction engineering technician at Fort Buchanan, Puerto Rico. Work for this task order is expected to be completed by September 2015. All work on this contract will be performed at various locations primarily within the NAVFAC Southeast AOR which includes Florida (48 percent), Texas (16 percent), Louisiana (16 percent), Mississippi (8 percent), Georgia (3 percent), Cuba (3 percent), and Haiti (3 percent), and may also be performed in the remainder of the AOR (3 percent). The term of the contract is not to exceed 36 months with an expected completion date of September 2018. Fiscal year 2014 operation and maintenance, Navy contract funds in the amount of \$75,405 are obligated on this award and will expire at the end of the current fiscal year. This contract was competitively procured via the Navy Electronic Commerce Online website with two proposals received. Naval Facilities Engineering Command, Southeast, Jacksonville, Florida is the contracting activity (N69450-14-D-7579). Navy point of contact is Jacquelyn Jackson at (904) 542-3639. Industry point of contact is Terrence Brown at (240) 465-0653.

Lockheed Martin Corp., Lockheed Martin Aeronautics Co., Fort Worth, Texas is being awarded a \$24,868,359 modification to the previously awarded F-35 Lightning II low rate initial production (LRIP) lot VI contract (N00019-11-C-0083). This modification is to realign and increase concurrency funding for post-production concurrency changes to LRIP Lot VI aircraft. Work will be performed in Fort Worth, Texas, and is expected to be completed by November 2016. Fiscal year 2012 aircraft procurement, Navy; Marine Corps; and Air Force funds in the amount of \$24,868,359 will be obligated at the time of award, all of which will expire at the end of the current fiscal year. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Karen Richardson at (301) 757-7766. Industry point of contact is Michael Reed at (817) 763-2389.

The University of Washington (UW), Seattle, Washington is being awarded a \$12,776,050 cost reimbursement contract for mid-life re-fit overhaul of Ocean Class Oceanographic research vessel Thomas G. Thompson (AGOR 23). Work includes finalization of design and contract specification for AGOR 23, preliminary design documents for AGOR 24 and AGOR 25, competitive shipyard contracting, and management and oversight of shipyard contract including sub-contractors, purchasing and delivery of any contractor acquired government property, testing and acceptance, and return of AGOR 23 to service. UW will be responsible for all management, oversight, procurement, contracting, testing, and acceptance criteria related to conducting a mid-life refit and overhaul of AGOR 23 and completion of class-wide design and specifications to be utilized in future mid-life refits of AGOR 24 and AGOR 25. This contract contains an option which, if exercised, will bring the contract value to \$27,638,642. Work will be performed in Seattle, Washington (20 percent) and the rest subcontracted to an as yet undetermined U.S. shipyard (80 percent), and is expected to be completed by December 2016. If the option is exercised, work will continue through December 2017. Fiscal year 2013 research, development, test and evaluation funds in the amount of \$12,776,050 will be obligated at the time of award and will expire at the end of the current fiscal year. The contract was a sole source procurement in accordance with 10 U.S.C. 2304(c)(1); only one responsible source, as implemented by the Federal Acquisition Regulation 6.302-1 and no other supplies or services will satisfy agency requirements. Office of Naval Research, Arlington, Virginia is the contracting activity (N00014-14-C-5021). Navy point of contact is Scott Harris at (703) 696-0345. Industry point of contact is Carla Helm at (206) 543-8056.

Lakeview Center, Inc., Pensacola, Florida is being awarded \$11,945,653 for a modification (P00009) under a previously awarded firm-fixed-price contract (N68836-13-F-0106) to exercise option year two for the procurement of "Full Food Galley Services" for U.S. Navy Galleys at Naval Air Station (NAS) Pensacola, Florida, the Explosive Ordnance Disposal School, Pensacola, Florida, and Naval Construction Battalion Command, Gulfport, Mississippi. Work will be performed in Pensacola, Florida (92.3 percent) and Gulfport Mississippi (7.7 percent), and is expected to be completed by September 2015. With the exercise of option year two, the total amount of this contract will be \$28,234,271. Fiscal year 2015 operation and maintenance, Navy funds in the amount of \$11,945,653 will be obligated subject to the availability of funds, and these funds will not expire before the end of fiscal year 2015. One company was solicited for this non-competitive requirement in accordance with the Federal Acquisition Regulation Part 8.7 and 41 U.S.C. Chapter 85 and one offer was received in response to the solicitation. The award was issued to Lakeview Center under the Ability One Program supporting the blind and severely disabled. Naval Supply Systems Command, Fleet Logistics Center, Jacksonville, Florida is the contracting activity. Navy point of contact is Bethany Germann at (904) 542-0927. Industry point of contact is Gary Murphy at (850) 595-1130.

Huntington Ingalls Inc., Coronado, California is being awarded an \$11,216,103 modification to a previously awarded cost-plus-award-fee contract (N00024-13-C-4315) for USS Ronald Reagan (CVN 76) fiscal year 2014 planned incremental availability. A planned incremental availability includes the planning and execution of depot-level maintenance, alterations, and modifications that will update and improve the ship's military and technical capabilities. Work will be performed in Coronado, California, and is expected to be completed by April 2015. Fiscal year 2014 operation and maintenance, Navy and fiscal year 2014 other procurement, Navy funding in the amount of \$11,216,103 will be obligated at the time of award and will expire at the end of the current fiscal year. Southwest Regional Maintenance Center, San Diego, California is the contracting activity. Navy point of contact is Chris Johnson at (202) 781-4123. Industry point of contact is Jeff Rigsby at (619) 435-6031.

The Boeing Co., St. Louis, Missouri is being awarded a \$9,428,782 delivery order (0211) against a previously issued basic ordering agreement (N00019-11-G-0001) for engineering and logistics support services to improve F/A-18A-F and E/A-18G readiness, expand Interactive Electronic Technical Manual/Structural Repair Manual work packages, and maintenance planning. Work will be performed in St. Louis, Missouri, and is expected to be completed by September 2015. Fiscal year 2014 operation and maintenance, Navy funds in the amount of \$9,428,782 will be obligated at the time of award, all of which will expire at the end of the current fiscal year. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Judith Gwynn at (301) 757-7702. Industry point of contact is Dave Schmalbeck at (314) 234-3773.

The Boeing Co., Jacksonville, Florida is being awarded an \$8,793,486 firm-fixed-price, cost-plus-fixed-fee modification to a previously awarded indefinite-delivery/indefinite-quantity contract (N00019-14-D-0001) to exercise an option for depot-level service life extension and remanufacturing activities, including associated maintenance support and sustainment capabilities, in support of the F/A-18E/F aircraft. Work will be performed in Jacksonville, Florida (92 percent) and St. Louis, Missouri (8 percent), and is expected to be completed by September 2015. No funds are obligated at the time of award; funds will be obligated on individual delivery orders as they are issued. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Jamie Jenkins at (301) 757-7714. Industry point of contact is Karen NeJame at (904) 317-2472.

Aviation Systems Engineering Co., Lexington Park, Maryland is being awarded an \$8,565,330 modification (P00010) to a previously awarded contract (N00189-11-D-Z040) to exercise option three to extend the term of the contract for technical, analytical, administrative and material support services to Air Test and Evaluation Squadron One (VX-1) in support of the test mission of Commander, Operational Test and Evaluation Force. The contractor will be required to provide support services to test and analyze Navy

aircraft. With the exercise of this option, the total contract value will be \$31,703,616. Work will be performed in Patuxent River, Maryland, and is expected to be completed by October 2015. No funds are obligated at the time of award and will not expire before the end of the current fiscal year. Funds will be obligated on individual task orders issued against the contract. The contract was competitively procured via Navy Electronic Commerce Online website with two offers received in response to the solicitation. NAVSUP Fleet Logistics Center, Norfolk, Contracting Department, Philadelphia, Pennsylvania is the contracting activity. Navy point of contact is Kristi Kershaw-Brown at (215) 697-9651. Industry point of contact is Vincent Bellezza at (301) 862-1732, ext. 205.

Sealift, Inc., Oyster Bay, New York is being awarded an \$8,069,785 modification under a previously awarded firm-fixed-price contract (N00033-12-C-3303) to exercise a one-year option period for the time charter of one U.S. flagged, self-sustaining ship, M/V MAJ Bernard F. Fisher, to support the U.S. Air Force's at-sea prepositioning program. Work will be performed world-wide, and is expected to be completed by September 2015. Transportation Working Capital contract funds in the amount of \$8,069,785 will be obligated at the time of award, and will not expire at the end of the fiscal year. Military Sealift Command, Washington, D.C. is the contracting activity (N00033-12-C-3303). Navy point of contact is Cathlene Jo Stangler at (202) 685-5507. Industry point of contact is Alan Adler at (516) 922-1000.

## CONTRACT AWARDS FOR: June 30, 2014

Northrop Grumman Systems Corp, Aerospace Systems, Bethpage, New York is being awarded a \$3,643,333,802 modification to definitize the E-2D Advanced Hawkeye advanced acquisition contract (N00019-13-C-9999) to a multi-year fixed-price-incentive-firm target contract. In addition, this modification provides for the procurement of 25 full rate production E-2D Advanced Hawkeye aircraft. Work will be performed in St. Augustine, Florida (24.90 percent); Syracuse, New York (20.58 percent); Melbourne, Florida (7.60 percent); El Segundo, California (4.56 percent); Indianapolis, Indiana (4.06 percent); Menlo Park, California (3.90 percent); Rolling Meadows, Illinois (2.30 percent); and various other locations throughout the United States (32.10 percent), and is expected to be completed by August 2021. Fiscal year 2014 aircraft procurement, Navy funds in the amount of \$871,766,824 are obligated at the time of award, none of which will expire at the end of the current fiscal year. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Jamie Jenkins at (301) 757-7714. Industry point of contact is Kathleen Massanova at (516) 704-3814.

The Boeing Co., St. Louis, Missouri is being awarded a \$1,939,160,819 fixed-price-incentive-fee contract for the full rate production of 11 lot 38 F/A-18E aircraft for the U.S. Navy and 33 EA-18G aircraft for the U.S. Navy (21) and the Government of Australia (12). Work will be performed in El Segundo, California (46 percent); St. Louis, Missouri (30 percent); Fort Worth, Texas (2 percent); East Aurora, New York (1.5 percent); Irvine, California (1 percent); Ajax, Ontario, Canada (1 percent); and various other locations within the United States (18.5 percent), and is expected to be completed by December 2016. Fiscal years 2013 and 2014 aircraft procurement, Navy funds in the amount of \$1,405,732,929 and Foreign Military Sales funds in the amount of \$533,427,890 are obligated at the time of award, none of which will expire at the end of the current fiscal year. This contract was not competitively procured pursuant to 10 U.S.C. 2304(c)(1). This contract combines purchases for the U.S. Navy and the Government of Australia under the Foreign Military Sales Program. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity (N00019-14-C-0032). Navy point of contact is Jamie Jenkins at (301) 757-7714. Industry point of contact is Roy Parenzucla at (314) 777-2126.

Construction Development Services, Inc.\*, Norfolk, Virginia (N40085-14-D-8152); Noah Enterprises, Inc.\*, Virginia Beach, Virginia (N40085-14-D-8153); Portico Services, LLC\*, Manassas, Virginia (N40085-14-D-8154); Syncon, LLC\*, Chesapeake, Virginia (N40085-14-D-8155); and Turner Strategic Technologies, LLC\*, Norfolk, Virginia (N40085-14-D-8156) are each being awarded an indefinite-delivery/indefinite-quantity multiple award design-build/design-bid-build contract for construction projects located within the Naval Facilities Engineering Command (NAVFAC) Mid-Atlantic Hampton Roads area of responsibility (AOR), primarily for facilities for the Naval Station Norfolk/Naval Support Activity. The maximum dollar value including the base period and four option years for all five contracts combined is \$95,000,000. Syncon, LLC is being awarded task order 0001 at \$1,040,970 for the design and construction of pier 11 power upgrades at Naval Station Norfolk, Norfolk, Virginia. Work for this task order is expected to be completed by January 2016. The term of the contract

is not to exceed 60 months, with an expected completion date of June 2019. Fiscal year 2014 military construction, Navy contract funds in the amount of \$1,060,970 are obligated on this award and will not expire at the end of the current fiscal year. These five contractors may compete for task orders under the terms and conditions of the awarded contract. Future task orders will be primarily funded by military construction, Navy; operation and maintenance, Navy; and Navy working capital funds. This contract was competitively procured via the Navy Electronic Commerce Online website with 23 proposals received. Naval Facilities Engineering Command, Mid-Atlantic, Norfolk, Virginia is the contracting activity. Navy point of contact is Kimberly Kahler at (757) 341-0074. Respective industry points of contact are Chris Suber at (757) 459-2374, Carol Curtis at (757) 437-2300, Doug Krause at (571) 323-5959, Mark Lilly at (757) 351-0770, and John Trant at (757) 644-6483.

John C. Grimberg Company, Inc., Rockville, Maryland is being awarded firm-fixed-price task order (0008) for \$44,200,000 under a multiple award construction contract for design and construction of the Aircraft Prototype Facility Phase II at Naval Air Station Patuxent River. The task order is for the construction of a hangar space for a single large aircraft or up to four smaller aircraft, with concrete pile and grade beam foundation, structural steel frame, insulated metal panel wall system, built-up roofing system over insulated structural metal deck, steel truss roof framing and sliding hangar doors on each end. The project will provide a secure facility, individual secure area(s), aircraft preparation bay, and laboratories with equal-sized bays with separate zoning for fire protection alarm system and security systems. Work will be performed in Patuxent River, Maryland, and is expected to be completed by April 2016. Fiscal year 2014 non-appropriated funds in the amount of \$44,200,000 will be obligated at the time of this award and will not expire at the end of the current fiscal year. Five proposals were received for this task order. Naval Facilities Engineering Command, Washington, D.C. is the contracting activity (N40080-10-D-0492). Navy point of contact is Alyson Harbage at (202) 685-3222. Industry point of contact is John Treseler at (301) 881-5120.

Hensel Phelps Construction Co., Honolulu, Hawaii is being awarded a \$26,615,298 firm-fixed-price contract for the construction of a Submarine Production Support Facility at Joint Base Pearl Harbor-Hickam. The contract also contains two unexercised options which, if exercised, would increase the cumulative contract value to \$28,870,298. Work will be performed in Oahu, Hawaii and is expected to be completed by August 2017. Fiscal years 2014 and 2010, Navy, Military Construction funds in the amount of \$26,615,298 are obligated at the time of award and will not expire at the end of the current fiscal year. This contract was competitively procured via the Federal Business Opportunities website with three proposals received. Naval Facilities Engineering Command, Pacific, Joint Base Pearl Harbor-Hickam, Hawaii is the contracting activity (N62742-14-C-1304). Navy point of contact is Bernadette Julian at (808) 471-1055. Industry point of contact is Bradley Jeanneret at (808) 535-9500.

The Boeing Co., St. Louis, Missouri is being awarded an undefinitized contract action against a previously awarded cost-plus-incentive fee contract (N00019-11-C-0036) with a not-to-exceed value of \$22,200,000 for production of F/A-18E/F infrared search and track engineering development model systems and support equipment. Work will be performed in St. Louis, Missouri (58 percent) and Orlando, Florida (42 percent), and is expected to be completed by September 2015. Fiscal year 2014 research, development, test and evaluation, Navy funds in the amount of \$3,501,815 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Jamie Jenkins at (301) 757-7714. Industry point of contact is Jackie Mahsman at (314) 777-7267.

Lockheed Martin Corp., Lockheed Martin Aeronautics Co., Fort Worth, Texas is being awarded a \$18,369,619 modification to a previously awarded fixed price incentive (firm target) contract (N00019-11-C-0083) for the procurement and delivery of electronic components needed to support F-35 production, sustainment, and operation and maintenance requirements. Work will be performed in Fort Worth, Texas, and is expected to be completed by March 2016. Fiscal years 2012 and 2014 aircraft

procurement, Navy and Air Force funds and fiscal year 2014 operation and maintenance, Navy and Air Force funds in the amount of \$18,369,619 will be obligated at the time of award, \$15,399,162 of which will expire at the end of the current fiscal year. This contract combines purchases for the U.S. Air Force (\$9,346,195; 51 percent); U.S. Navy (\$7,135,231; 39 percent); and international partners (\$1,888,193; 10 percent). Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Tracy Carver at (301) 757-7703. Industry point of contact is Jillian Voelker at (817) 762-2431.

DPR Hardin Construction Company-LLC / Whitesell-Green, Inc., JV, Atlanta, Georgia is being awarded a firm-fixed-price task order (0010) for \$14,810,000 under a multiple award construction contract for design, construction, and renovation of the Navy Exchange Service Command Headquarters in Virginia Beach, Virginia. The task order also contains five unexercised options which, if exercised, would increase the cumulative task order value to \$16,286,000. Work will be performed in Virginia Beach, Virginia, and is expected to be completed by September 2016. Fiscal year 2014 non-appropriated funds in the amount of \$14,810,000 will be obligated at the time of this award and will not expire at the end of the current fiscal year. Four proposals were received for this task order. Naval Facilities Engineering Command, Mid-Atlantic, Norfolk, Virginia is the contracting activity (N40085-10-D-5333). Navy point of contact is Laura Johnson at (757) 341-1647. Industry point of contact is Randall Gibson at (850) 434-5311.

Choctaw Manufacturing Defense Contractor,\* McAlester, Oklahoma is being awarded \$14,247,484 for a firm-fixed-price delivery order (0014) under an existing indefinite-delivery/indefinite-quantity contract for the purchase of 626 Medium Tactical Vehicle Replacement modular production trailers and water dispensing system production units; training, provisioning data and program support. Work will be performed in McAlester, Oklahoma, and is expected to be completed by 31 August 2015. Fiscal year 2012 procurement, Marine Corps funds in the amount of \$5,314,267 and fiscal year 2012 procurement, Marine Corps overseas contingency operations funds in the amount of \$8,933,217 will be obligated at the time of award and will expire at the end of the current fiscal year. This contract was not competitively procured in accordance with 10 U.S.C. 2304(c)(5). Choctaw Manufacturing Defense Contractor is a Native American owned, Small Business Administration 8 (a)-certified company. Marine Corps Systems Command, Quantico, Virginia is the contracting activity (M67854-09-D-5024). Marine Corps point of contact is Barb Hamby at (703) 432-3253. Industry point of contact is Cynthia Briscoe at (580) 326-8365.

Sikorsky Aircraft Corp., Stratford, Connecticut is being awarded a \$14,000,000 firm-fixed-price delivery order (4004) against a previously issued basic ordering agreement (N00019-14-G-0004). This order provides for non-recurring efforts to incorporate the Engineering Change Proposal 4330AU into the Royal Australian Navy MH-60R aircraft for the government of Australia under the Foreign Military Sales Program. In addition, this order includes the delivery of 22 Emergency Locator Transmitter kits. Work will be performed in Stratford, Connecticut (90 percent) and West Palm Beach, Florida (10 percent), and is expected to be completed by June 2016. Foreign Military Sales funds in the amount of \$14,000,000 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Karen Richardson at (301) 757-7766. Industry point of contact is Megan Markell at (203) 383-4893.

Northrop Grumman Corp., Aerospace Systems, Bethpage, New York is being awarded \$10,266,560 for firm-fixed-price delivery order (0010) against a previously issued basic ordering agreement (N68335-10-G-0021) to procure the avionics source data for the future acquisition of depot level operational test program sets. The avionics source data consists of a detailed functional description document package and system synthesis model report for each avionics unit under test in support of the E-2D Advanced Hawkeye aircraft. Work will be performed in Bethpage, New York, and is expected to

be completed by December 2016. Fiscal years 2013 and 2014 aircraft procurement, Navy funds in the amount of \$10,266,560 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. Naval Air Warfare Center Aircraft Division, Lakehurst, New Jersey is the contracting activity. Navy point of contact is Tracy Carver at (301) 757-7703. Industry point of contact is Stephen Hartmann at (516) 346-7091.

BAE Systems Land & Armaments, Santa Clara, California is being awarded a \$7,882,132 modification to a previously awarded contract (M67854-13-F-0009) to understand the risks and assist the government in determining the best approach for developing a high waterspeed Amphibious Combat Vehicle (ACV). Detailed trade studies, requirements studies, operational effectiveness analyses, and initial concept design results have been reported to Marine Corps leadership and the Assistant Secretary of the Navy for Research, Development & Acquisition. The contractors will continue these studies as they relate to flexibility and modularity requirements and the impacts to derived system specification requirements. This modification includes options which, if exercised, would bring the cumulative value of the modification to \$17,190,479. Work will be performed in Santa Clara, California (80 percent); Sterling Heights, Michigan (11 percent); Stafford, Virginia (6 percent); Aiken, South Carolina (2 percent); and York, Pennsylvania (1 percent), and is expected to be completed by October 2014. With exercised options, work will continue through April 2015. Fiscal year 2014 research, development, test and evaluation funds in the amount of \$7,882,132 will be obligated at the time of award and will not expire at the end of the current fiscal year. Marine Corps Systems Command, Quantico, Virginia is the contracting activity. Marine Corps point of contact is Barb Hamby at (703) 432-3253. Industry point of contact is John Rudy at (408) 289-2469.

Millennium Engineering and Integration Co., Arlington, Virginia is being awarded a \$7,528,016 cost-plus-fixed-fee contract to provide mission planning, test execution and operations, data analysis and reporting, software and hardware maintenance/upgrades, and communications and facilities engineering in support of Missile Defense Communications and Operations Node systems for the Aegis Ballistic Missile Defense Program. Work will be performed in Kauai, Hawaii (65 percent); Pearl Harbor, Hawaii (6 percent); Colorado Springs, Colorado (6 percent); Huntsville, Alabama (4 percent); Wallops Island, Virginia (3 percent); San Diego, California (3 percent); Vandenberg Air Force Base, California (3 percent); Washington, D.C. (2 percent); Columbia, Maryland (2 percent); Tucson, Arizona (2 percent); Arlington, Virginia (2 percent); and Dahlgren, Virginia (2 percent), and is expected to be completed by June 2017. Fiscal year 2014 research, development, test and evaluation funding in the amount of \$460,000 will be obligated at the time of award. Contract funds will not expire at the end of the current fiscal year. This contract was not competitively procured in accordance with the Federal Acquisition Regulation 6.302-1 (a)(2) and Defense Federal Acquisition Regulation 206.302-1. Naval Surface Warfare Center, Dahlgren Division, Dahlgren, Virginia is the contracting activity (N00178-14-C-2006). Navy point of contact is Alan Baribeau at (202) 781-3120. Industry point of contact is Jennifer Joyce at (703) 413-7778.

General Dynamics Information Technology, Fairfax, Virginia is being awarded a \$7,346,539 modification to a previously awarded contract (M67854-13-F-0010) to understand the risks and assist the government in determining the best approach for developing a high waterspeed Amphibious Combat Vehicle. Detailed trade studies, requirements studies, operational effectiveness analyses, and initial concept design results have been reported to Marine Corps leadership and the Assistant Secretary of the Navy for Research, Development & Acquisition. The contractors will continue these studies as they relate to flexibility and modularity requirements and the impacts to derived system specification requirements. This modification includes options which, if exercised, would bring the cumulative value of the modification to \$15,901,781. Work will be performed in Sterling Heights, Michigan (96 percent) and Suffolk, Virginia (4 percent), and is expected to be completed by October 2014. With exercised options, work will continue through April 2015. Fiscal year 2014 research, development, test and evaluation funds in the amount of \$7,346,539 will be obligated at the time of award and will not expire at

the end of the current fiscal year. Marine Corps Systems Command, Quantico, Virginia is the contracting activity. Marine Corps point of contact is Barb Hamby at (703) 432-3253. Industry point of contact is Randy Noorman at (586) 825-7749.

Northrop Grumman Corp., Integrated Systems, Bethpage, New York is being awarded a \$6,700,000 modification to a delivery order (252) placed against a previously issued basic order agreement (N00019-10-G-0004) for two spare engines in support of the E-2D Advanced Hawkeye aircraft. Work will be performed in Indianapolis, Indiana (90 percent) and Bethpage, New York (10 percent), and is expected to be completed by September 2015. Fiscal year 2014 aircraft procurement, Navy funds in the amount of \$6,700,000 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Judith Gwynn at (301) 757-7702. Industry point of contact is Kathleen Massanova at (516) 704-3814.

## CONTRACT AWARDS FOR: May 22, 2014

Raytheon Co., Tucson, Arizona, is being awarded a \$115,545,116 modification to previously awarded contract (N0024-13-C-5406) for MK15 Phalanx Close-In Weapon System (CIWS) upgrades and conversions, system overhauls and associated hardware. The CIWS is a fast-reaction terminal defense against low- and high-flying, high-speed maneuvering anti-ship missile threats that have penetrated all other defenses. The CIWS is an integral element of the Fleet Defense In-Depth concept and the Ship Self-Defense Program. Work will be performed in Williston, Vermont (13 percent); Melbourne, Florida (9 percent); Andover, Massachusetts (6 percent); Louisville, Kentucky (5 percent); Tempe, Arizona (5 percent); Pittsburgh, Pennsylvania (5 percent); Ottobrunn, Germany (5 percent); Bloomington, Minnesota (3 percent); Ashburn, Virginia (3 percent); Phoenix, Arizona (3 percent); El Segundo, California (2 percent); Hauppauge, New York (2 percent); Syracuse, New York (2 percent); Salt Lake City, Utah (2 percent); Joplin, Missouri (2 percent); Bracknell, United Kingdom (2 percent); Grand Rapids, Michigan (1 percent); Norcross, Georgia (1 percent); and various other locations less than 1 percent each (29 percent), and is expected to be complete by September 2017. Fiscal year 2014 operation and maintenance, Navy; fiscal year 2014 weapons procurement, Navy; and fiscal years 2013 and 2014 shipbuilding and conversion, Navy contract funds in the amount of \$115,545,116 will be obligated at the time of award. Contract funds in the amount of \$43,657,810 will expire at the end of the current fiscal year. Naval Sea Systems Command, Washington, D.C. is the contracting activity. Navy point of contact is Chris Johnson at (202) 781-4123. Industry point of contact is Mary Rowe at (520) 794-1618.

American Systems Corp., Chantilly, Virginia (N65236-14-D-4986); Booz Allen Hamilton, Inc., McLean, Virginia (N65236-14-D-4987); Honeywell Technology Solutions, Inc., Columbia, Maryland (N65236-14-D-4988); Ideal Innovations, Inc., Arlington, Virginia (N65236-14-D-4989); Science Applications International Corp., McLean, Virginia (N65236-14-D-4990); and Scientific Research Corp., Atlanta, Georgia (N65236-14-D-4991) are each being awarded an indefinite-delivery/indefinite-quantity, cost-plus-fixed-fee, with provisions for firm-fixed-price task orders, performance based contracts. The contracts are for the procurement of biometric support services in the areas of research and development, investigation, analysis, test and evaluation procurement and reporting for counter terrorism, counter-insurgency and force protection technology needs, intelligence-gathering technology, identity exploitation, and the overall development of multi-modal biometric technologies. The cumulative, estimated value (ceiling) of the base year is \$33,133,000. These contracts include options which, if exercised, would bring the cumulative value (ceiling) of these contracts to an estimated \$99,400,000. This contract action merely establishes a potential ceiling value and does not obligate the Navy to fund to the ceiling. Work will be performed in Charleston, South Carolina (50 percent); Washington, D.C. (20 percent); and outside the continental U.S. (30 percent). Work is expected to be complete by May 2015. If all options are exercised, work could continue until May 2017. Space and Naval Warfare Systems Center Atlantic, Navy Working Capital funds in the amount of \$25,000 will be obligated at the time of award as the minimum guarantee and will be split among the six awardees; these funds will not expire at the end of the current fiscal year. This contract action establishes a potential

ceiling value, in which funds are obligated on individual task orders for efforts that fall within the core competency areas. The multiple award contracts were competitively procured by full and open competition via the Space and Naval Warfare Systems Center e-Commerce Central website and the Federal Business Opportunities website with nine offers received. Space and Naval Warfare Systems Center Atlantic, Charleston, South Carolina is the contracting activity. Navy points of contact are Lisa Connell at (843) 218-2701 and Jack O'Neill at (843) 218-3347. Respective industry points of contact are Scarlett Bates at (703) 968-5179, Matt Mazgajewski at (757) 893-6386, Randy Ewing at (410) 964-7244, Marcia Enyart at (571) 480-5009, Jeffrey Grant at (571) 319-8712, and Jerry Goldbaugh at (770) 989-9408.

The Boeing Co., Seattle, Washington is being awarded a \$21,985,964 indefinite-delivery, requirements contract for sustaining engineering services for Navy's C-40A aircraft fleet. Services to be provided include project management and technical and engineering services. Work will be performed in Seattle, Washington, and will be complete by January 2019. This contract was not competitively procured pursuant to the Federal Acquisition Regulation 6.302-2. No funds are being obligated at the time of award. Funds will be obligated against individual task orders as they are issued. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity (N00019-14-D-0002). Navy point of contact is Karen Richardson at (301) 757-7766. Industry point of contact is Timothy Heffron at (253) 657-5502.

United States Technologies, Inc.,\* Fair Lawn, New Jersey is being awarded a \$19,122,236 ceiling-priced indefinite-delivery/indefinite-quantity contract for the procurement of hardware and modification services for the development, integration, and operational support of countermeasure and emitter threat simulator systems for the Airborne Threat Simulation Organization. Work will be performed in Fair Lawn, New Jersey, and is expected to be complete by May 2019. Fiscal year 2014 aircraft procurement, Air Force funds in the amount of \$340,540 are obligated at the time of award, none of which will expire at the end of the current fiscal year. This contract was competitively procured via Small Business set-aside electronic request for proposals with seven offers received. Naval Air Warfare Center Weapons Division, China Lake, California is the contracting activity (N68936-14-D-0020). Navy point of contact is Karen Richardson at (301) 757-7766. Industry point of contact is Adam Rachlin at (201) 475-8700, ext. 220.

Ultra Electronics Ocean Systems Inc., Braintree, Massachusetts is being awarded a \$19,045,850 three-year indefinite-delivery/indefinite-quantity contract to manufacture parts for the Torpedo Countermeasures program. Work will be performed in Braintree, Massachusetts, and is expected to be complete by May 2017. Fiscal year 2014 weapons procurement, Navy funds in the amount of \$3,927,200 will be obligated at the time of award, and will expire by the end of the current fiscal year. This requirement was a sole source in accordance with 10 U.S.C. 2304(c)(1), only one firm was solicited and only one offer was received. NAVSUP Weapon Systems Support, Mechanicsburg, Pennsylvania is the contracting activity (N00104-14-D-K072). Navy point of contact is Charles Gensemer at (717) 605-6289. Industry point of contact is Jim Belsan at (781) 794-3737.

The Boeing Co., St. Louis, Missouri is being awarded a \$9,836,818 cost-plus-fixed fee delivery order modification to an existing performance based logistics contract (N00383-06-D-001J-0014) for supply chain management of spares and repairs for the F/A-18 E/F aircraft. Work will be performed in St. Louis, Missouri (40 percent) and Jacksonville, Florida (60 percent), and is expected to be complete by December 2015. Navy Working Capital Fund funds in the amount of \$9,836,818 will be obligated at the time of award. Funds will not expire by the end of the current fiscal year. NAVSUP Weapon Systems Support, Philadelphia, Pennsylvania is the contracting activity (N00383-06-D-001J-0014). Navy point of contact is Laura Oyama at (215) 697-2558. Industry point of contact is Dorian Wich at (314) 232-0994.

Oceancering International, Inc., Hanover, Maryland is being awarded \$8,941,224 for cost-plus-fixed-fee task order (0004) under a previously awarded indefinite-delivery/indefinite-quantity contract (N00014-11-D-0327) for the Advanced Mooring System (AMS) Phase III Development. The AMS will improve the vehicle personnel and container transfer during skin-to-skin mooring within the sea base through Sea State 3 (threshold) and Sea State 4 (objective). Task order (0004) will provide a six Mooring Module Demonstrator System that will go through factory acceptance testing. Work will be performed in Hanover, Maryland, and is expected to be complete by September 2015. Fiscal years 2013 and 2014 research, development, test and evaluation funds in the amount of \$7,409,224 will be obligated at the time of award, of which \$1,606,628 will expire at the end of the current fiscal year. Office of Naval Research, Arlington, Virginia is the contracting activity. Navy point of contact is Scott Harris at (703) 696-0345. Industry point of contact is Charles Walburn at (443) 459-3904.

AAR Airlift Group, Inc., Palm Bay, Florida is being awarded a \$6,922,160 firm-fixed-price contract to provide ship-based and shore-based vertical replenishment and other rotary-wing logistic services (i.e., search and rescue support, medical evacuations, passenger transfers, internal cargo movement, and dynamic interface testing) in support of Commander, Naval Air Forces. AAR Airlift Group, Inc., will provide helicopters, personnel, support equipment, and all supplies necessary to perform flight operations in the U.S. 5th Fleet and U.S. 7th Fleet areas of responsibility. This contract includes four 12-month option periods which, if exercised, would bring the cumulative value of this contract to \$34,370,323. Work will be performed in the U.S. 5th Fleet and U.S. 7th Fleet areas of responsibility and is expected to be complete by September 2015. If all option periods are exercised, work will continue through September 2019. No funds will be obligated at the time of award. No funds will expire at the end of the current fiscal year. This contract was competitively procured with solicitations sent to more than 50 companies via the Navy Electronic Commerce Online and the Federal Business Opportunities websites with four offers received. Military Sealift Command, Washington, D.C. is the contracting activity (N00033-14-C-8013). Navy point of contact is Stefani Nick at (202) 685-5962. Industry point of contact is J. Christian Thomas at (321) 837-2467.

(703) 697-3120

## **CONTRACT AWARDS FOR: March 20, 2014**

Raytheon Co., El Segundo, California is being awarded \$23,651,848 for cost-plus-fixed-fee delivery order (0052) against a previously issued basic ordering agreement (N00019-10-G-0006) for the procurement of 63 ECP-6279 retrofit kits in support of F/A-18 E/F and EA-18G aircraft. Work will be performed in Forest, Mississippi (80 percent) and El Segundo, California (20 percent), and is expected to be complete by August 2016. Fiscal year 2014 aircraft procurement, Navy funds in the amount of \$23,651,848 are being obligated on this award, none of which will expire at the end of the current fiscal year. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Jamie Jenkins at (301) 757-7714. Industry point of contact is Byron Smith at (310) 334-5028.

Centurum Information Technology, Inc., Marlton, New Jersey is being awarded an \$18,158,832 cost-plus-fixed-fee contract to provide depot-level repair and restoration support to include fabrication, manufacturing, re-manufacturing, restoration, repair, overhaul, and calibration involving electro-mechanical and mechanical units both ground and airborne, assemblies, subassemblies, and test equipment. Support will also include worldwide technical support to the fleet, shore facilities, and government agencies. This two-year contract includes a one-year option period which, if exercised, would bring the cumulative value of this contract to an estimated \$27,618,466. Work will be performed in San Diego, California, and is expected to be complete by 19 March 2016. Fiscal year 2014 operation and maintenance, Navy funds in the amount of \$100,000 will be obligated at the time of award, and will not expire at the end of the current fiscal year. This contract was competitively procured with open competition via the Space and Naval Warfare Systems Center e-Commerce website and the Federal Business Opportunities website with four offers received with one selected for award. Space and Naval Warfare Systems Center Pacific, San Diego, California is the contracting activity (N66001-14-D-0041). Navy point of contact is Ed Budzyna at (619) 553-2725. Industry point of contact is James Iannelli at (703) 415-9384.

Bulltrack-Watts a Joint Venture\*, Marysville, California is being awarded \$13,349,723 for firm-fixed-price task order (KB01) under a previously awarded multiple award construction contract (N40192-10-D-2801) for the design and construction of a dehumidified supply storage facility at Polaris Point, Naval Base, Guam. The warehouse shall also include support areas for office spaces, restrooms, and utility rooms. The structural system for the facility shall be a reinforced concrete structure with overhead roll-up doors and man-doors providing access into the warehouse. The work will also provide paved driveways around the warehouse, new parking spaces and secure bicycle racks, storm water collection and management system, and mechanical systems to include warehouse dehumidification, administrative area air conditioning, and general ventilation. The task order also contains one unexercised option which, if exercised, would increase the cumulative task order value to \$13,650,996. Work will be performed in Santa Rita, Guam, and is expected to be complete by March 2016. Fiscal years 2010 and 2014 military construction, Navy contract funds in the amount of \$13,349,723 are being obligated on this award and will not expire at the end of the current fiscal year. Four proposals were received for this task order. Naval Facilities Engineering Command, Pacific, Joint Base Pearl Harbor,

Hawaii is the contracting activity. Navy point of contact is Bernadette Julian at (808) 471-1055. Industry point of contact is Kelly Gregory at (530) 741-8490.

The Boeing Co., St. Louis, Missouri is being awarded \$9,650,433 for firm-fixed-price delivery order (0051) against a previously issued basic ordering agreement (N68335-10-G-0012) for the procurement of major structural repair and maintenance equipment for the F/A-18E/F and EA-18G aircraft. Work will be performed in St. Louis, Missouri, and is expected to be complete by September 2016. Fiscal year 2013 aircraft procurement, Navy funds in the amount of \$9,650,433 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. Naval Air Warfare Center Aircraft Division, Lakehurst, New Jersey is the contracting activity. Navy point of contact is Jamie Jenkins at (301) 757-7714. Industry point of contact is Peggy Horton at (314) 777-0428.

Lockheed Martin Corp., Lockheed Martin Aeronautics Co., Fort Worth, Texas is being awarded an \$8,500,000 modification to a previously awarded cost-plus-incentive-fee contract (N00019-12-C-0004) to procure additional long lead-time efforts required for the incorporation of a drag chute in the Joint Strike Fighter conventional take off and landing air systems for the government of Norway. Work will be performed in Ft. Worth, Texas (55 percent); El Segundo, California (15 percent); Warton, United Kingdom (10 percent); Orlando, Florida (5 percent); Nashua, New Hampshire (5 percent); Baltimore, Maryland (5 percent); and Cameri, Italy (5 percent), and is expected to be complete by November 2015. International Partner funds in the amount of \$8,500,000 are being obligated on this award, none of which will expire at the end of the current fiscal year. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Tracy Carver at (301) 757-7703. Industry point of contact is Jeff McCarthy at (817) 777-7758.

Michael Baker, Jr., Inc., Virginia Beach, Virginia is being awarded \$7,603,530 for firm-fixed-price task order (0048) under a previously awarded indefinite-delivery/indefinite-quantity contract (N62470-10-D-3000) for leak detection testing for Navy, Marine Corps and Defense Logistics Agency (DLA) Energy Facilities. The work to be performed provides for services for environmental and engineering assessments at Department of Defense (DoD) fuel systems including preparing program management documentation, environmental compliance reports and plans, release detection, optimization, and pollution prevention reports in support of DLA Energy fuel facilities, and other facilities of interest to the government at various worldwide locations and in accordance with applicable regulatory guidance. Work will be performed at various Navy and DoD installations worldwide, and is expected to be complete by March 2016. Fiscal year 2014 Navy working capital contract funds in the amount of \$7,603,530 are being obligated on this award and will not expire at the end of the current fiscal year. One proposal was received for this task order. Naval Facilities Engineering Command, Atlantic, Norfolk, Virginia is the contracting activity. Navy point of contact is Christine Foskey-Brown at (757) 322-4311. Industry point of contact is John Mentz at (757) 631-5417.

QinetiQ North America, Waltham, Massachusetts is being awarded a \$6,779,411 modification to a previously awarded contract (N00174-13-D-0007) for the procurement of man transportable robotic system (MTRS) MK2 post-production support. The MTRS MK2 provides military explosive ordnance disposal technicians with a man transportable capability to remotely perform reconnaissance. Work will be performed in Waltham, Massachusetts, and is expected to be complete by July 2016. No funds are being obligated at the time of award and contract funds will not expire at the end of the current fiscal year. Naval Surface Warfare Center Indian Head, Explosive Ordnance Disposal Technology Division, Indian Head, Maryland is the contracting activity. Navy point of contact is Chris Johnson at (202) 781-4123. Industry point of contact is Robert Norman at (781) 684-3966.

Viasat Inc., Carlsbad, California is being awarded a \$6,707,025 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for the procurement of spares, repairs and satellite support for the ArcLight Mobile Satellite Communication System in support of special projects aircraft

and the EP-3 aircraft. The ArcLight Mobile Satellite Communication System is a high frequency data link for airborne applications that provides a means to transmit data between aircraft, command posts and other military organizations that have access to the system. Work will be performed in Carlsbad, California, and is expected to be complete by March 2019. Fiscal year 2014 operation and maintenance, Navy funding in the amount of \$12,000 will be obligated at the time of award and will not expire at the end of the current fiscal year. This contract was not competitively procured in accordance with the Federal Acquisition Regulation 6.302-1(a)(2)(iii), only one responsible source and no other supplies or services will satisfy agency requirements. Naval Surface Warfare Center, Crane, Indiana is the contracting activity (N00164-14-D-WT25). Navy point of contact is Chris Johnson at (202) 781-4123. Industry point of contact is Lisa Schneeclock at (760) 476-2154.

## **CONTRACT AWARDS FOR: February 28, 2014**

Bell-Boeing Joint Project Office, Amarillo, Texas is being awarded a \$351,009,568 modification to a previously awarded cost-plus-incentive, fixed-price incentive fee contract (N00019-09-D-0008) for V-22 joint performance based logistics support. Work will be performed in Fort Worth, Texas (40 percent); Ridley Park, Pennsylvania (40 percent); and various locations within the continental United States (15 percent) and locations outside the continental United States (5 percent), and is expected to be complete by November 2016. No funding will be obligated at the time of award and will be obligated on individual delivery orders as they are issued. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Jamie Jenkins at (301) 757-7714. Industry point of contact is Luanne George at (301) 866-6835.

Federal Staffing Resources, LLC.,\* Annapolis, Maryland (N62645-14-D-5013); Loyal Source Government Services,\* Orlando, Florida (N62645-14-D-5014); MedTrust LLC.,\* San Antonio, Texas (N62645-14-D-5015); Rao Radiologists, Inc.,\* Gaithersburg, Maryland (N62645-14-D-5016) are each being awarded a 39-month, firm-fixed-price, indefinite-delivery/indefinite-quantity, multiple award task order contract for various nursing services that include the labor bands of advanced practice nurse and nursing. The aggregate not-to-exceed amount for these multiple award contracts combined is \$152,250,696. The four companies will have the opportunity to bid on each individual task order as they are issued. Work will be performed at the following military treatment facilities in the Northeastern Region of the United States: Naval Medical Center Portsmouth, Virginia and its affiliated clinics (86 percent); Naval Health Clinic, Quantico, Virginia (4 percent); Naval Health Clinic, Annapolis, Maryland (2 percent); Naval Health Clinic, Great Lakes, Illinois (2 percent); Naval Health Clinic, Patuxent River, Maryland (1 percent); Naval Health Clinic, Newport, Rhode Island (1 percent); Naval Branch Health Clinic, Groton, Connecticut (1 percent); Naval Branch Health Clinic, Portsmouth, New Hampshire (1 percent); Naval Branch Health Clinic, Saratoga Springs, New York (1 percent); and any associated branch clinics in the Northeast Region of the United States (1 percent), and work is expected to be complete by 30 September 2017. Fiscal year 2014 defense health program funds in the aggregate amount of \$20,000 will be obligated at the time of award, and the funds will expire at the end of the current fiscal year. Funding is predominantly from the defense health program; however, other funding initiatives such as psychological health/traumatic brain injury, overseas contingency operations and wounded, ill, and injured may be used. These are all one-year funding types. These contracts were solicited via a multiple award electronic request for proposals as a 100 percent small business set-aside, with 50 offers received. Naval Medical Logistics Command, Fort Detrick, Maryland is the contracting activity. Navy point of contact is Heather Skimson at (301) 619-7005. Industry point of contact is Tracy Balazs at (410) 990-0795, Brian Moore at (407) 306-8441, Craig Hershovitz at (210) 201-0603, Kenneth Cotton at (301) 208-8770.

Rolls-Royce Corp., Indianapolis, Indiana is being awarded a \$54,305,623 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for depot level repair of engines, propellers and other propulsion system components for 50 KC-130 aircraft for the U.S. Marine Corps (47) and the

Government of Kuwait (3). Work will be performed in Indianapolis, Indiana (92 percent); Al Mubarak, Kuwait (2.1 percent); various locations in Japan (2 percent); Cherry Point, North Carolina (1.3 percent); Miramar, California (1.3 percent); and Fort Worth, Texas (1.3 percent), and is expected to be complete by February 2015. Fiscal year 2014 operation and maintenance, Navy funds in the amount of \$24,517,676 are being obligated on this award, all of which will expire at the end of the current fiscal year. This contract was not competitively procured pursuant to the Federal Acquisition Regulation 6.302-1. This contract combines purchases for the U.S. Marines Corps (\$50,163,909; 92 percent) and the Government of Kuwait (\$4,141,714; 8 percent) under the Foreign Military Sales Program. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity (N00019-14-D-0007). Navy point of contact is Jamie Jenkins at (301) 757-7714. Industry point of contact is Erin Peters at (317) 230-8274.

The Boeing Co., St. Louis, Missouri is being awarded \$22,401,663 for cost-plus-fixed-fee delivery order (0166) against a previously issued basic ordering agreement (N00019-11-G-0001) for supplies and services to support follow-on test and evaluation of the F/A-18 E/F and EA-18G aircraft. Work will be performed at the Naval Air Station, Patuxent River, Maryland (76 percent); St. Louis, Missouri (22 percent); El Segundo, California (1 percent); and Bethpage, New York (1 percent), and is expected to be complete by January 2015. Fiscal year 2014 aircraft procurement, Navy funds in the amount of \$22,401,663 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. Naval Air Systems Command, Patuxent River, Maryland is the contracting activity. Navy point of contact is Judith Gwynn at (301) 757-7702. Industry point of contact is Amanda Peimann at (314) 545-6218.

General Dynamics Electric Boat Corp., Groton, Connecticut is being awarded a \$19,898,974 modification to a previously awarded contract (N00024-11-C-2109) for engineering and technical design services to support advanced submarine technology research and development (R&D) for current and future submarine platforms. Advanced submarine R&D includes studies to support the manufacturability, maintainability, producibility, reliability, manning, survivability, hull integrity, performance, structural, weight/margin, stability, arrangements, machinery systems, acoustics, hydrodynamics, ship control, logistics, human factors, materials, weapons handling and stowage, submarine safety, and affordability. The program also supports near term insertion of Virginia class technology; identification of Ohio class replacement technology options; future submarine concepts; and core technologies. Work will be performed in Groton, Connecticut, and is expected to be complete by October 2014. Fiscal year 2014 research, development, test and evaluation contract funds in the amount of \$249,400 will be obligated at the time of award and will not expire at the end of the current fiscal year. Naval Sea Systems Command, Washington, D.C. is the contracting activity. Navy point of contact is Chris Johnson at (202) 781-4123. Industry point of contact is Robert Hamilton at (860) 433-8556.

Airborne Systems Ltd., Bridgend, United Kingdom is being awarded a \$17,976,844 firm-fixed-price job order to a previously awarded basic ordering agreement (N00164-13-G-WM55-0003) for the procurement of components in support of the MK 59 Mod 0 decoy launch system (DLS). The MK 59 DLS is a deck-mounted countermeasure system that is used to launch an advanced inflatable radar decoy cartridge to confuse hostile tracking and homing associated with anti-ship missiles by simulating the radar cross section of the ship. Work will be performed in Bridgend, United Kingdom, and is expected to be complete by December 2015. Fiscal year 2014 other procurement, Navy funding in the amount of \$17,976,844 will be obligated at the time of award. Contract funds will not expire at the end of the current fiscal year. Naval Surface Warfare Center, Crane, Indiana is the contracting activity. Navy point of contact is Chris Johnson at (202) 781-4123. Industry point of contact is Mark Firth at +44(0)1656 727118.

Electric Boat Corp., Groton, Connecticut is being awarded a \$15,978,977 cost-plus-fixed-fee modification to a previously awarded contract (N00024-13-C-2128) for procurement of missile tube long-lead-time material in support of the Ohio class replacement program. The contractor will be designing and manufacturing hardware to support the manufacture of the common missile compartment. This contract combines purchases for the government of the United Kingdom (67 percent) and the U.S. Navy (37 percent) under the Foreign Military Sales (FMS) Program. Work will be performed in Groton, Connecticut, and is expected to be complete by February 2016. FMS and Fiscal year 2014 research, development, test and evaluation funding in the amount of \$15,978,977 will be obligated at the time of award and will not expire at the end of the current fiscal year. Supervisor of Shipbuilding Conversion and Repair, Groton, Connecticut is the contracting activity. Navy point of contact is Chris Johnson at (202) 781-4123. Industry point of contact is Robert Hamilton at (860) 433-8556.

NVE, Inc.\*, Herndon, Virginia is being awarded a \$14,858,122 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for janitorial services at Naval Support Activity Bethesda. The work to be performed provides for all labor, supervision, management, tools, materials, equipment, facilities, transportation, and incidental engineering and other items necessary to provide janitorial services. The maximum dollar value including the base period and four option years is \$77,324,605. Work will be performed in Bethesda, Maryland, and is expected to be complete by March 2015. Fiscal year 2014 operation and maintenance, Navy; fiscal year 2014 working capital funds, Defense; and fiscal year 2014 health program, Defense contract funds in the amount of \$1,619,093 are obligated on this award and will expire at the end of the current fiscal year. This contract was competitively procured via the Navy Electronic Commerce Online website with seven proposals received. Naval Facilities Command, Washington, D.C. is the contracting activity (N40080-14-D-2010). Navy point of contact is JeeEun Blanton at (202) 685-3299. Industry point of contact is Neil Villarin at (703) 787-8100.

Lockheed Martin Corp., Baltimore, Maryland is being awarded a \$10,798,739 modification to a previously awarded contract (N00024-11-C-2300) to exercise an option for post-delivery support for USS Milwaukee (LCS 5). Lockheed Martin will perform the planning and implementation of deferred design changes that have been identified during the construction period. Work will be performed in Marinette, Wisconsin (57 percent); Hampton, Virginia (14 percent); Moorestown, New Jersey (11 percent); San Diego, California (11 percent); and Washington, D.C. (7 percent), and is expected to be complete by October 2015. Fiscal year 2010 shipbuilding and conversion, Navy funding in the amount of \$10,798,739 will be obligated at the time of award. Contract funds will not expire at the end of the current fiscal year. Naval Sea Systems Command, Washington, D.C. is the contracting activity. Navy point of contact is Matt Leonard at (202) 781-2089. Industry point of contact is Morgan Woodward at (202) 863-3413.

Allen & Shariff\*, Columbia, Maryland is being awarded \$8,895,680 for firm-fixed-price task order (0027) under a previously awarded multiple award construction contract (N40080-10-D-0496) for the repair of chillers and air handlers, installation of ventilation in corridors and installation of an elevator in building 15 at the Marine Corps Base, Quantico. The work to be performed provides for an addition of a hydraulic elevator with new elevator structure to support the elevator function. The addition of a corridor structure connecting the A-4 and C-3 wings to the elevator. The replacement of the bedroom and stairwell doors and fire rated doors and the replacement of stair handrails and fire alarm system and the complete replacement of the mechanical equipment in the building with the exception of gas fired boilers. Work will be performed in Quantico, Virginia, and is expected to be complete by May 2016.
